A Guide to the University Tool

Welcome to the Unifrog homepage!

Unifrog is 'The Complete Destinations Platform' and is one of your most useful tools when it comes to researching University courses, Apprenticeships, FE courses, MOOCs and Oxbridge colleges.

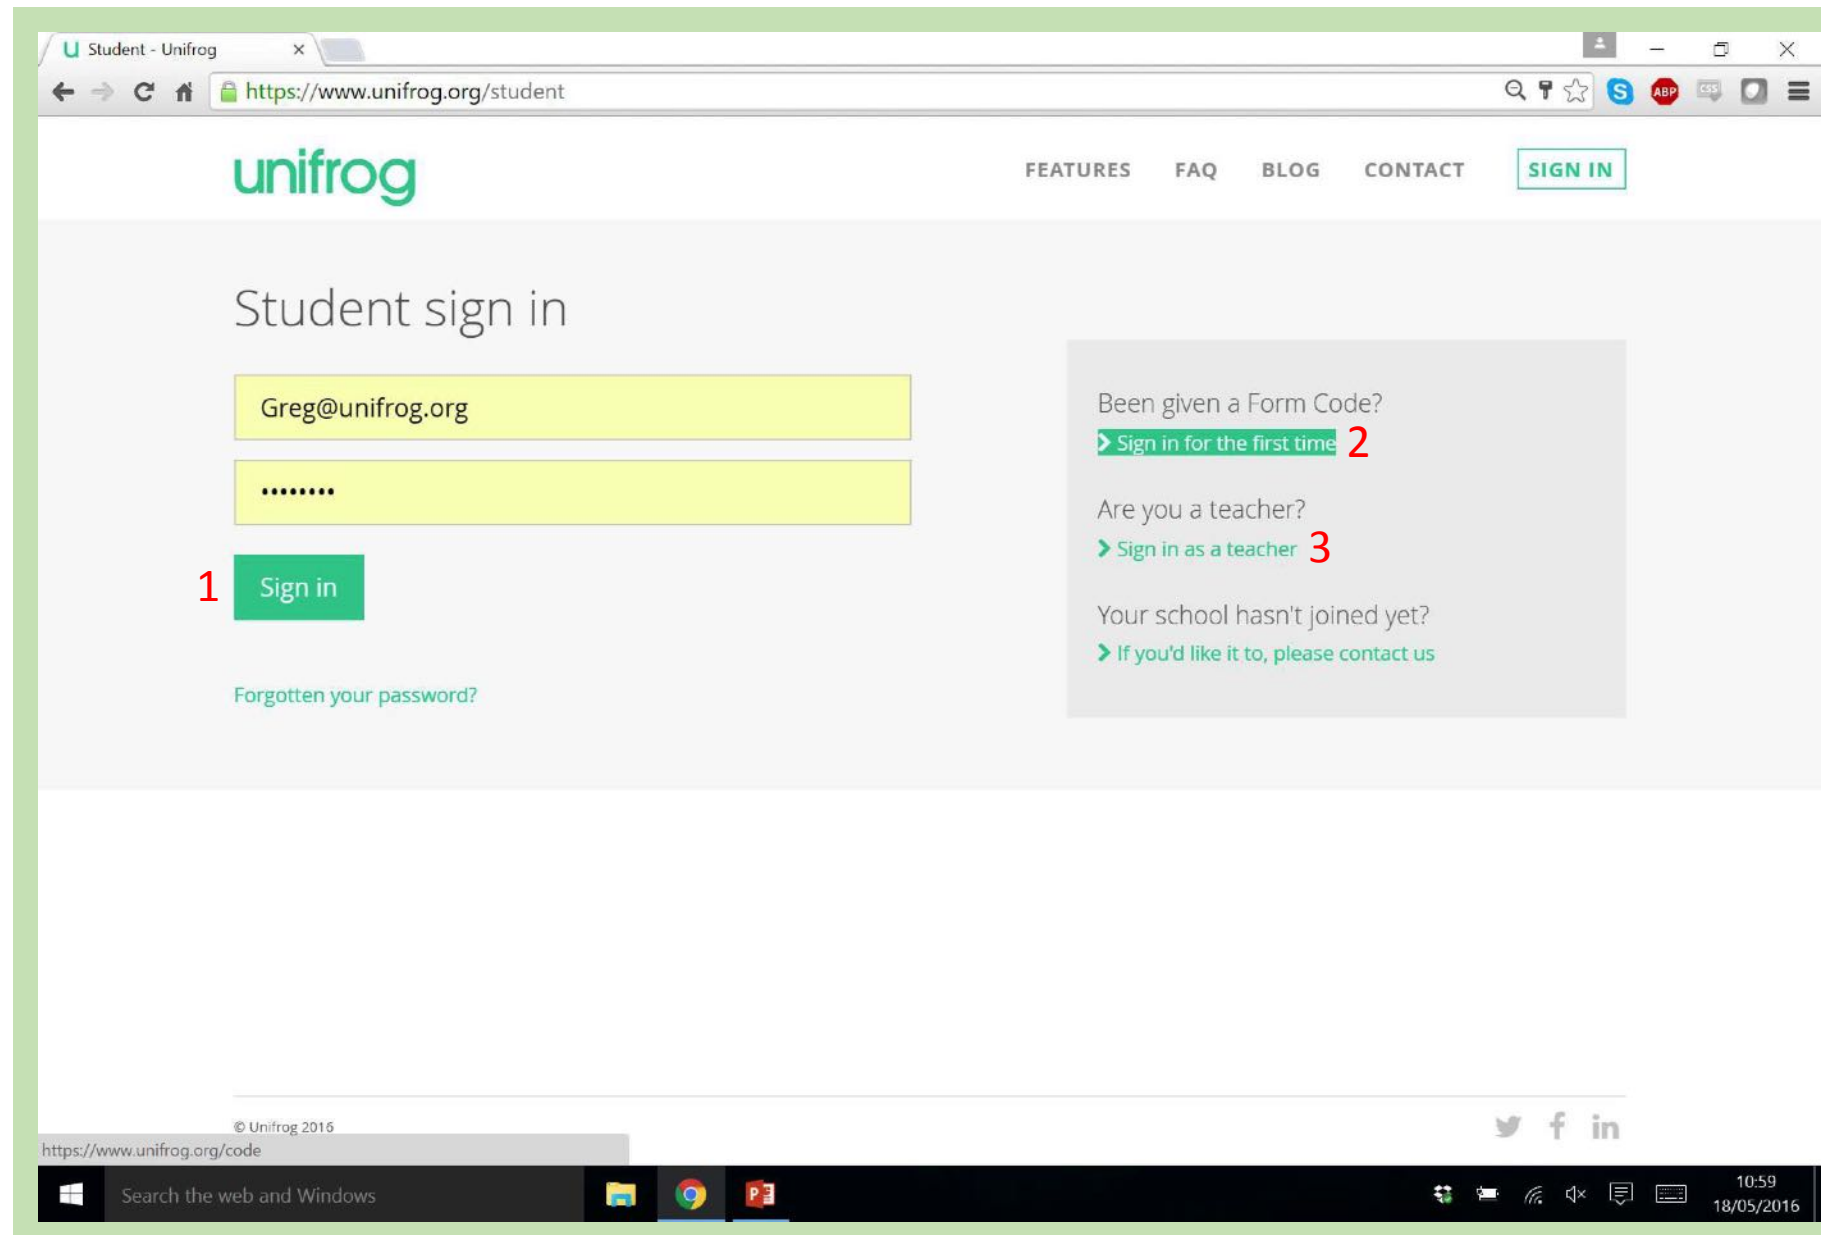

To get started just click on the 'SIGN IN' button at the top right of the screen (1).

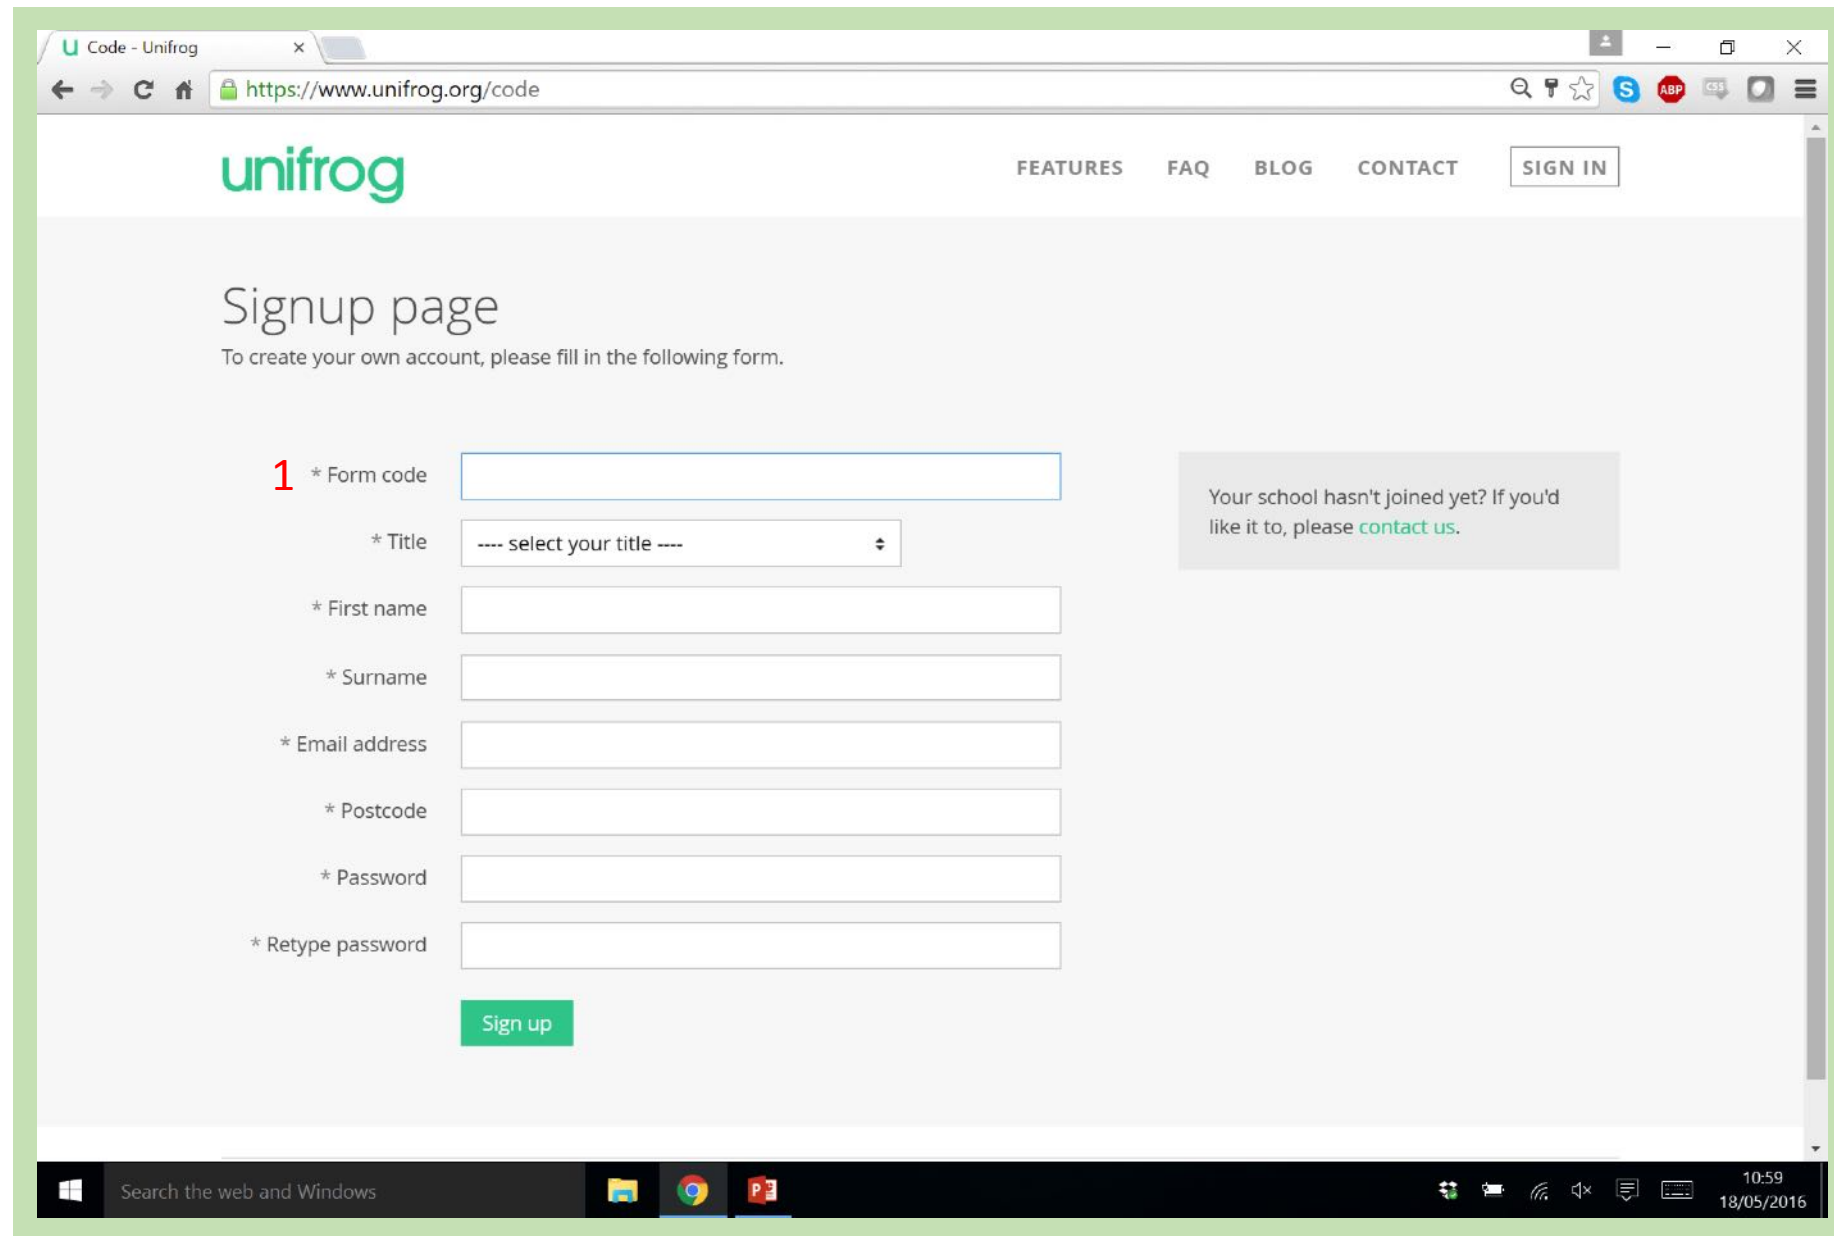

If you have logged in to Unifrog previously, you can enter your student log in details here and click the green 'Sign in' button (1).

If you have never logged in before, click the 'Sign in for the first time' link on the right of the page (2).

Teachers can sign in by clicking the 'Sign in as a teacher' link on the right (3).

To signup for the first time, enter the 'Form code' which will be given to you by your teacher (1), then fill in the rest of the form and click 'Sign up'.

The screenshot shows a web browser window with the URL <https://www.unifrog.org/code>. The page features the Unifrog logo and navigation links for FEATURES, FAQ, BLOG, CONTACT, and a SIGN IN button. The main heading is "Signup page" with the instruction "To create your own account, please fill in the following form." The form includes several fields: a "Form code" field (marked with a red '1'), a "Title" dropdown menu, and text input fields for "First name", "Surname", "Email address", "Postcode", "Password", and "Retype password". A green "Sign up" button is located at the bottom of the form. A grey box on the right side of the form contains the text: "Your school hasn't joined yet? If you'd like it to, please [contact us](#)." The Windows taskbar at the bottom shows the time as 10:59 on 18/05/2016.

Search the web and Windows

10:59 18/05/2016

This is the Unifrog student homepage!

The wheel shows your progress at working through the tools (1), and the star shows your ranking in comparison to the rest of your class (2).

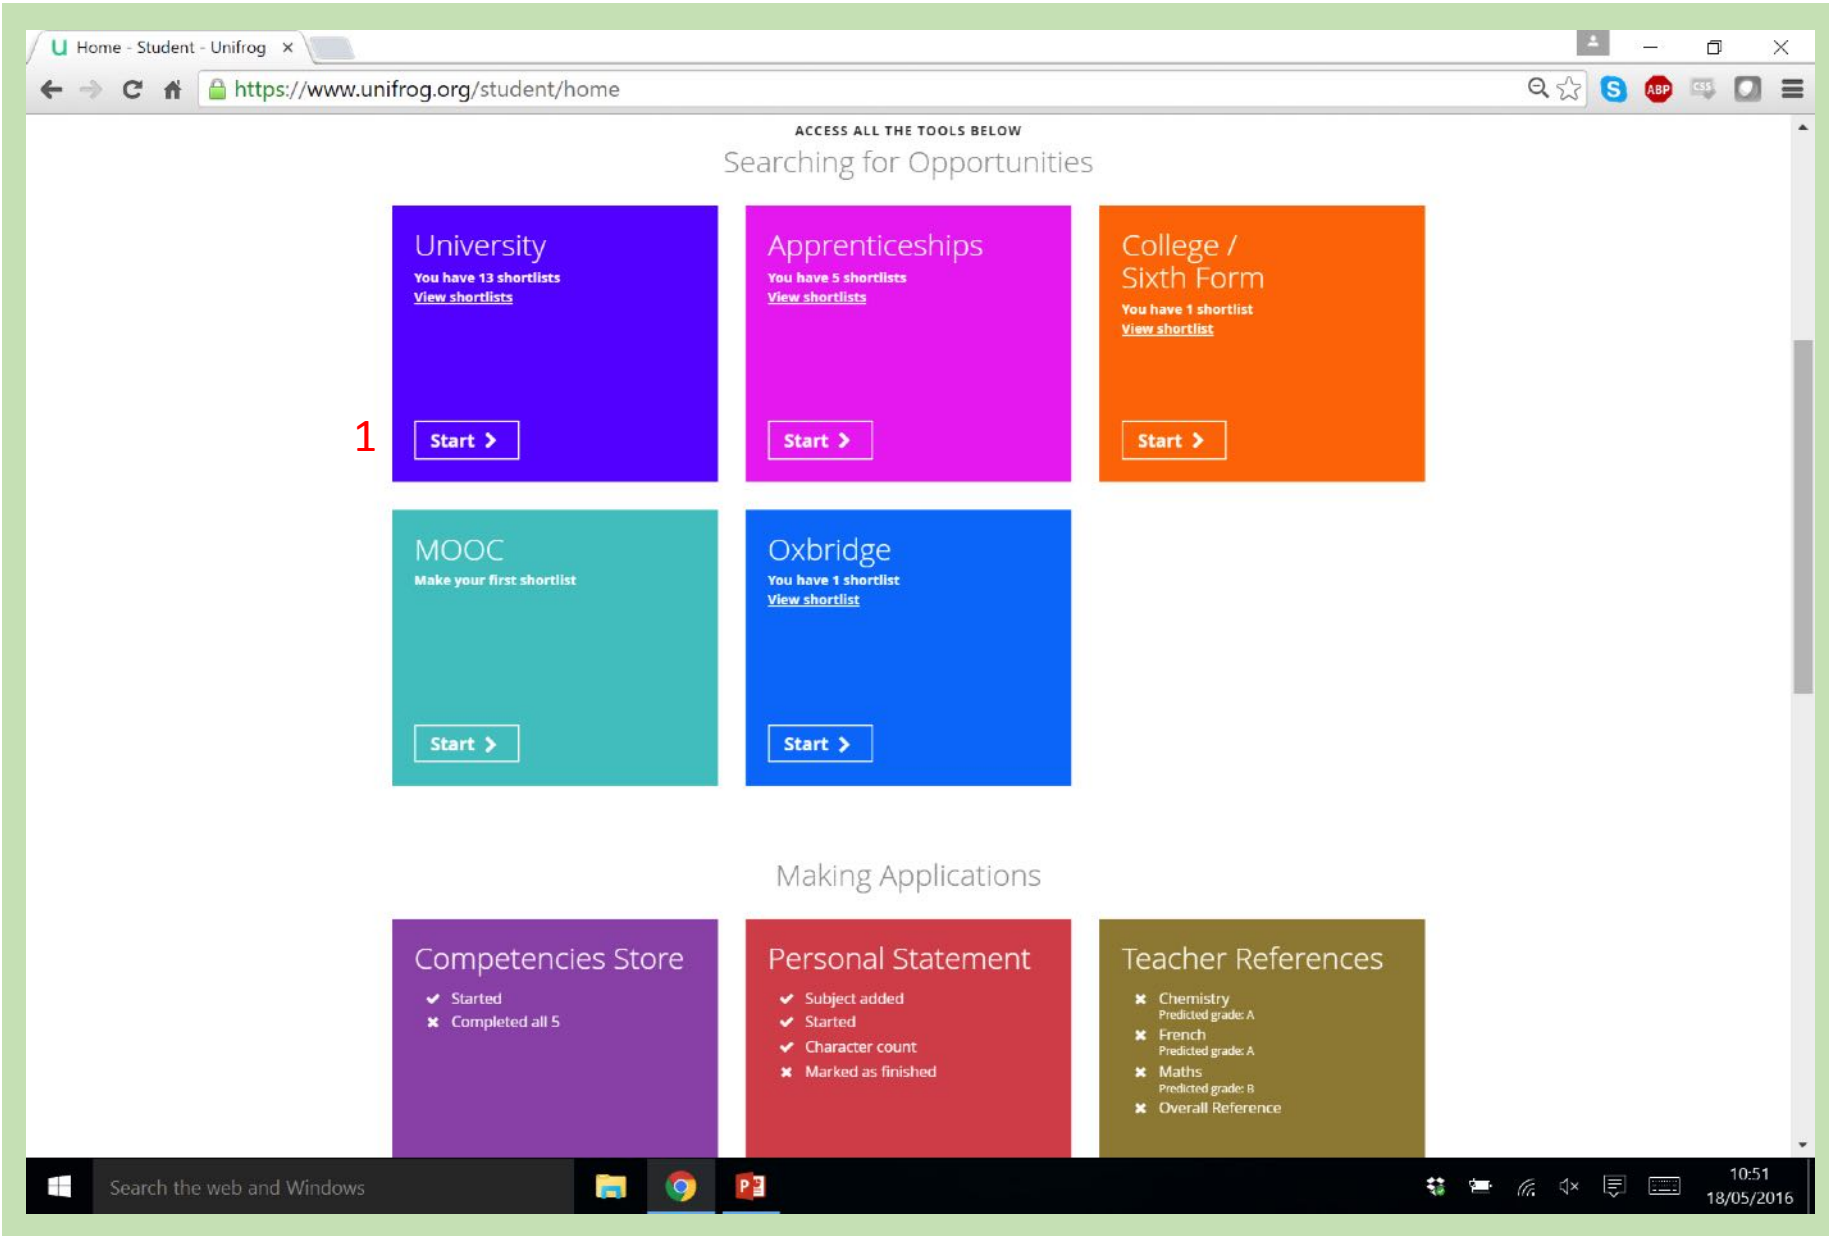

Just below the progress wheel there is a drop-down task list which suggests what to do next (3).

Scroll further down to see all of the tools available to you.

The screenshot displays the Unifrog student homepage in a web browser. The browser's address bar shows the URL <https://www.unifrog.org/student/home>. The page features a navigation bar with links for HOME, SHORTLISTS, SETTINGS, HELP, and a SIGN OUT button. The main content area greets the user with "Hello Greg, here's a summary of your progress so far...". A large circular progress wheel (1) indicates that 60% of the tools are complete. To the right of the wheel, a star icon (2) shows the user's ranking as "2nd in year group". Below the wheel, a task list (3) recommends the user to "Finish recording your 5 key competencies" with a progress indicator of 6.6%. A link "See all your tasks" is provided below the task list. At the bottom of the page, a section titled "ACCESS ALL THE TOOLS BELOW" and "Searching for Opportunities" displays three colored boxes: "University" (blue) with 14 shortlists, "Apprenticeships" (purple) with 5 shortlists, and "College / Sixth Form" (orange) with 1 shortlist. Each box includes a "View shortlists" link. The Windows taskbar at the bottom shows the search bar, taskbar icons for File Explorer, Chrome, and PowerPoint, and the system clock indicating 10:57 on 18/05/2016.

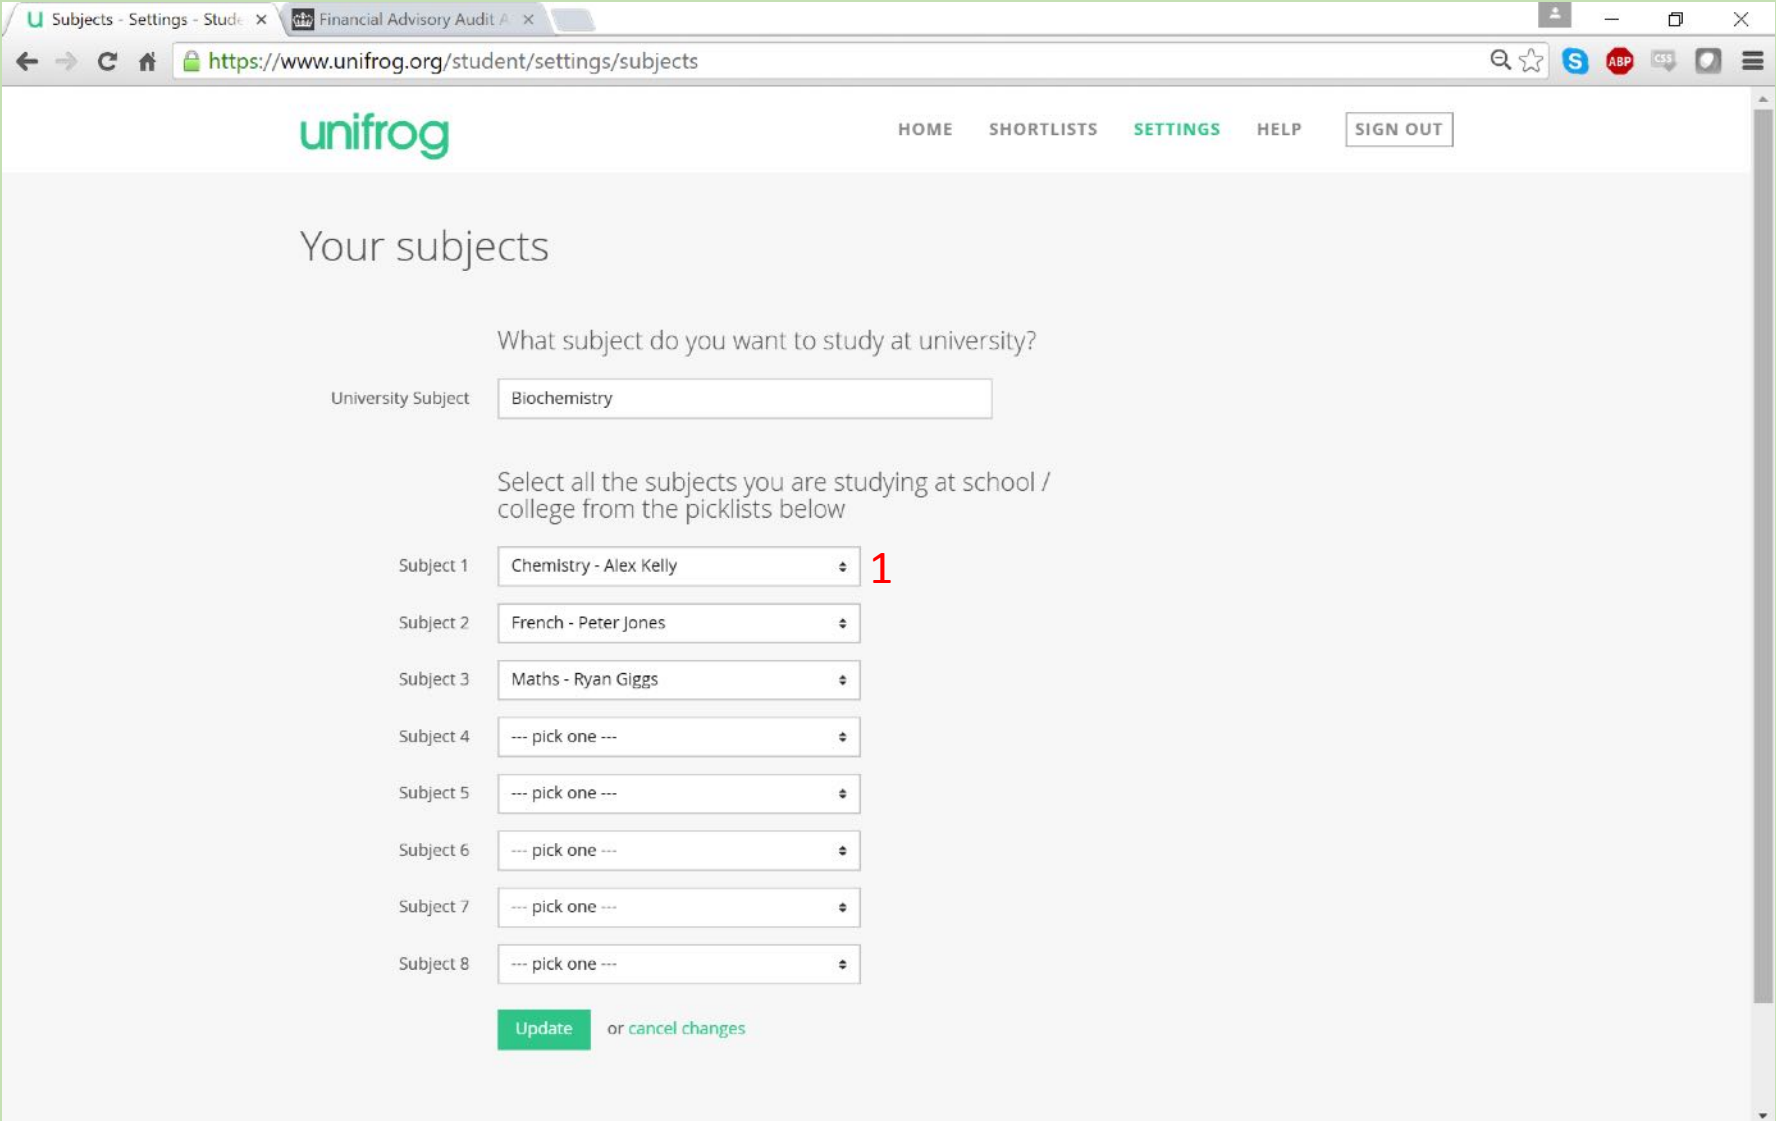

Here are all of the tools displayed on the homepage.

To access the ‘University’ tool click the ‘Start’ button (1).

Unifrog may tell you to select your subject teachers. It is as easy as selecting them from the drop down lists (1).

If you are taught the same subject by 2 or more teachers, choose all of the teachers who teach you!

The University tool is a very simple 5 step progress.

The first step is also the easiest – simply choose where you live from the dropdown list.

The screenshot shows a web browser window with the URL <https://www.unifrog.org/student/universities/country>. The page features the Unifrog logo and a navigation bar with links: HOME, SHORTLISTS, SETTINGS, HELP, and a SIGN OUT button. Below the navigation bar is a progress indicator with five steps: 1 Qualifications (highlighted in purple), 2 Subjects, 3 Longlist, 4 Shortlist, and 5 Complete. The main content area has a map icon and the text: "Search our database of every University Course in the UK to find the best 5 Courses for you". Below this is a purple heading "Where do you normally live?". A dropdown menu labeled "* Country" shows the selected option "England, Northern Ireland, or Wales". At the bottom of the form are two buttons: "next ►" and "or go back". The footer includes the copyright notice "© Unifrog 2016" and social media icons for Twitter, Facebook, and LinkedIn. The Windows taskbar at the bottom shows the search bar, task view button, and icons for File Explorer, Google Chrome, and PowerPoint, along with the system clock displaying 10:51 on 18/05/2016.

This page asks you to select ‘the best grades you’re likely to get’.

To get the most out of the tool, enter **the qualifications and grades that you will finish year 13 with.**

If you’re taking A-levels, **do not include any AS levels that you are not taking up to a full A-level.**

Doing this will ensure that you get the most accurate search results.

Search the web and Windows

10:52

18/05/2016

Click 'next' to continue.

Windows taskbar showing search bar, File Explorer, Google Chrome, and PowerPoint icons. System clock displays 10:52 on 18/05/2016.

You are now asked ‘What do you want to study at university?’

Don’t worry about putting in a specific subject title here – the whole point of Unifrog is to inform you about the huge range of subjects available.

Choose a subject area that you like and the next page will provide you with loads of relevant courses.

In this example I have chosen ‘Psychology’.

The screenshot shows a web browser window with the URL <https://www.unifrog.org/student/universities/subject>. The page features the Unifrog logo and a navigation bar with links: HOME, SHORTLISTS, SETTINGS, HELP, and a SIGN OUT button. Below the navigation bar is a progress indicator with five steps: 1 Qualifications, 2 Subjects (highlighted), 3 Longlist, 4 Shortlist, and 5 Complete. The main content area displays the question "What do you want to study at university?" in purple text. Below this is a text input field labeled "* Subject" containing the word "psychology". To the right of the input field are two buttons: a black "next" button with a right arrow and a green "or go back" link. At the bottom of the page, there is a copyright notice "© Unifrog 2016" and social media icons for Twitter, Facebook, and LinkedIn. The Windows taskbar at the very bottom shows the search bar, task view icon, and several open applications including Chrome and PowerPoint, along with the system clock showing 10:52 on 18/05/2016.

‘Any of these interest you?’

The first subjects on my list are ‘Direct matches’ to my search (1). That means that the course title is the word ‘Psychology’.

You can find different types of courses here including 2+2 courses, and very specialised degree programmes. A 2+2 course is one for which the first 2 years of your study are at a local college, before moving on to Uni.

Scroll down the page to see more results...

The screenshot shows a web browser window with the URL <https://www.unifrog.org/student/universities/subject-results>. The page features the Unifrog logo and navigation links: HOME, SHORTLISTS, SETTINGS, HELP, and a SIGN OUT button. A progress bar at the top indicates five steps: 1 Qualifications, 2 Subjects (highlighted), 3 Longlist, 4 Shortlist, and 5 Complete.

The main content area displays the question "Any of these interest you?" with the instruction "Select up to 10 at a time by clicking on the subjects you like". Below this, a list of subjects is shown under the heading "1 Direct matches (32)". The subjects are listed in a vertical stack, with the first two, "Psychology" and "Psychology (2+2)", highlighted in blue. The remaining subjects are in light grey boxes: "Psychology (Addiction Psychology)", "Psychology (An Introduction)", "Psychology (Applied)", "Psychology (Arts)", "Psychology (Child Development)", "Psychology (Child Psychology)", "Psychology (Clinical)", and "Psychology (Counselling Psychology)". At the bottom of the list, there is a green button labeled "next: 4 subjects" and a link "or go back".

The browser's address bar shows the URL <https://www.unifrog.org/student/universities/subject-results?subject=Psychol...>. The Windows taskbar at the bottom includes the Start button, a search bar, and icons for File Explorer, Google Chrome, and Microsoft PowerPoint. The system clock in the bottom right corner displays the time 10:52 and the date 18/05/2016.

Here you are presented with a huge range of other courses which don't have the title 'Psychology' but may be the perfect course for you (1)!

These include many joint honours courses (studying 2 subjects as part of one degree). Joint honours courses often have slightly lower entry requirements than their single honours counterparts.

Choose up to 10 subjects from this page and then click the green 'next' button (2).

The screenshot shows a web browser window with the URL <https://www.unifrog.org/student/universities/subject-results>. The page displays a list of subjects under the heading "Subjects you might like (496)". The subjects listed include:

- Psychology (with social science foundation year)
- Psychology (with study abroad)
- Abnormal and Clinical Psychology
- Abuse Studies and Psychology
- Accounting and Finance and Psychology
- Accounting and Psychology
- Advanced Applied Psychology
- Advanced Psychology
- Advertising and Psychology
- Advertising with Psychology
- Analytics and Psychology
- Animal Behaviour and Psychology
- Anthropology and Psychology
- Anthropology with Applied Psychology
- Applied Criminology and Psychology
- Applied Criminology and Sport and Exercise Psychology
- Applied Criminology with Psychology

At the bottom of the list, there is a green button labeled "next: 8 subjects" and a link "or go back". The Windows taskbar at the bottom shows the time as 10:53 on 18/05/2016.

Welcome to the 'Longlist' section of the University tool. This is where the bulk of your ranking and filtering will be done.

All the courses in the UK that are relevant to the subjects chosen on the previous page are listed here.

They are split into 3 columns:

Aspirational (1) – the entry requirements are at or slightly above the ‘best case scenario’ you gave for your academic performance.

Solid (2) - Your 'best case scenario' for your performance is slightly above the entry requirements.

Safe (3)– Your ‘best case scenario’ is well above the entry requirements.

A sensible first step is to use filters so you see only courses that interest you.

Click the ‘Filter’ drop down (1) and you can filter by distance (2), mode of study, and many other factors.

Here I have filtered for courses within 100 miles of my location (defined by the postcode you put in on signup).

The courses with red exclamation marks beside them are courses for which the entry requirement are above your predicted grades (3). See next slide...

This is the shortlist stage of the tool.

A map presents the locations of all the Universities chosen in the previous step.

You can also see how many courses you have in your Shortlist that are Aspirational, Solid, and Safe (1).

Scroll down to see the course profiles.

The screenshot shows the Unifrog website interface during the 'Shortlist' stage. The browser address bar displays <https://www.unifrog.org/student/universities/short-list>. The page features a navigation bar with links for HOME, SHORTLISTS, SETTINGS, HELP, and a SIGN OUT button. A progress indicator at the top shows five steps: 1 Qualifications, 2 Subjects, 3 Longlist, 4 Shortlist (highlighted), and 5 Complete.

The main content area displays a map of Europe with red pins indicating university locations in the United Kingdom, specifically in the south and east. Below the map, a summary shows the distribution of course types: 1 Aspirational, 3 Solid, and 5 Safe, totaling 9 selected courses. A green 'save' button is visible next to the summary. Below this, there is a section for course profiles, with a 'delete' button and a 'save: 9 courses' button.

The Windows taskbar at the bottom shows the date and time as 10:55 on 18/05/2016, along with various system icons and open applications.

The profiles are expanded views of each course chosen in the Longlist.

It presents some useful information not seen before, such as specific entry requirements in the 'Getting in' box (1).

There is also an 'Unofficial overview' written by someone who attended that university (2).

Perhaps the most useful aspect of the shortlist is the series of green hyperlinks (3). These take you straight through to the university website, open day website, course page and university finance website.

The screenshot shows a web browser window with the URL <https://www.unifrog.org/student/universities/short-list>. The page displays a course profile for 'Psychology - 3FT BSc (Hons)' at 'UCL (University College London)'. The course is marked as 'Aspirational' (3), 'Solid' (5), and 'Safe' (1). A green 'save' button is visible. Below the course title, there is a description of the programme and a list of green hyperlinks: 'Website', 'Open Day', 'Course page', and 'Finance page'. The page is divided into two columns. The left column contains sections: 'Applications per Place' (8), 'Entry requirements A Level' (AAAe-A*AAe), 'Excluded subjects' (General Studies and Critical Thinking), and 'Additional requirements'. The right column contains an 'Unofficial overview' written by a student. At the bottom, there is a green button 'save: 9 courses' and a link 'or go back'. The Windows taskbar is visible at the bottom of the screen.

8

Entry requirements A Level
AAAe-A*AAe To include at least one, preferably two subjects from: Biology, Chemistry, Mathematics, Physics and Psychology. Two science-based subjects preferred.

Excluded subjects
General Studies and Critical Thinking.

Additional requirements
Applicants living in the UK whose application is being actively considered may be invited for an interview at UCL. English Language, Maths and two Sciences at grade B. For UK-based students, grade C or equivalent in a foreign language (excl. Ancient Greek, Biblical Hebrew or Latin) is required. UCL provides

2 Unofficial overview

"UCL is a world-leading university in Central London. It's England's third oldest university and was founded by Jeremy Bentham, who still sits - in embalmed form - in a glass box in the main building. UCL was founded as an alternative to Oxford, Cambridge and King's College London, and became the first university to admit women. The student mix at UCL is very diverse and increasingly international. The hub of the university is in Bloomsbury, where the union, bars and theatre are located. In addition, as a member of the University of London, UCL students can access the libraries and unions and even take course modules at other London universities like LSE and Kings College. Being in Central London, along with all of the student activities on offer, London's gig venues, bars, clubs and landmarks are only ever a short walk or bus ride away."

If you decide that a course in the shortlist isn't to your liking, you can remove it by clicking the green 'delete' button (1).

The most important step of the entire process is to click 'save'! (2)

This saves your Shortlist so that you can come back to it another time. It will also email your form tutor, so they can provide any advice they feel is relevant to you.

The screenshot shows a web browser window with the URL <https://www.unifrog.org/student/universities/short-list>. The page has a header with three tabs: 'Aspirational' (3), 'Solid' (5), and 'Safe' (1). Below the tabs, it says 'You have 9 courses selected - now click save' with a red '2' and a green 'save' button. The main content area is divided into two columns. The left column contains 'Excluded subjects' (General Studies and Critical Thinking) and 'Additional requirements' (Applicants living in the UK whose application is being actively considered may be invited for an interview at UCL. English Language, Maths and two Sciences at grade B. For UK-based students, grade C or equivalent in a foreign language (excl. Ancient Greek, Biblical Hebrew or Latin) is required. UCL provides opportunities to meet this requirement post-enrolment). The right column contains a paragraph about the University of London and its access to libraries and other London universities like LSE and Kings College. Below this, there is a section for a specific course: 'Natural Sciences (Psychology) - 3FT BA (Hons)' at the 'University of Cambridge'. It is marked as 'Aspirational - Out of your range - A Russell Group University'. There are links for 'Website', 'Open Day', 'Course page', and 'Finance page'. Below the course name, there are sections for 'Getting in' (Entry requirements A Level) and 'Unofficial overview' (Cambridge is such a small town you cannot go anywhere without). At the bottom of the course section, there is a green button 'save 9 courses' and a link 'or go back'. The browser's address bar shows the URL <https://www.unifrog.org/student/universities/short-list?delete=411601>. The Windows taskbar at the bottom shows the search bar, task view, and icons for File Explorer, Google Chrome, and PowerPoint. The system clock shows 10:55 on 18/05/2016.

Once you click 'save' you are presented with a confirmation page.

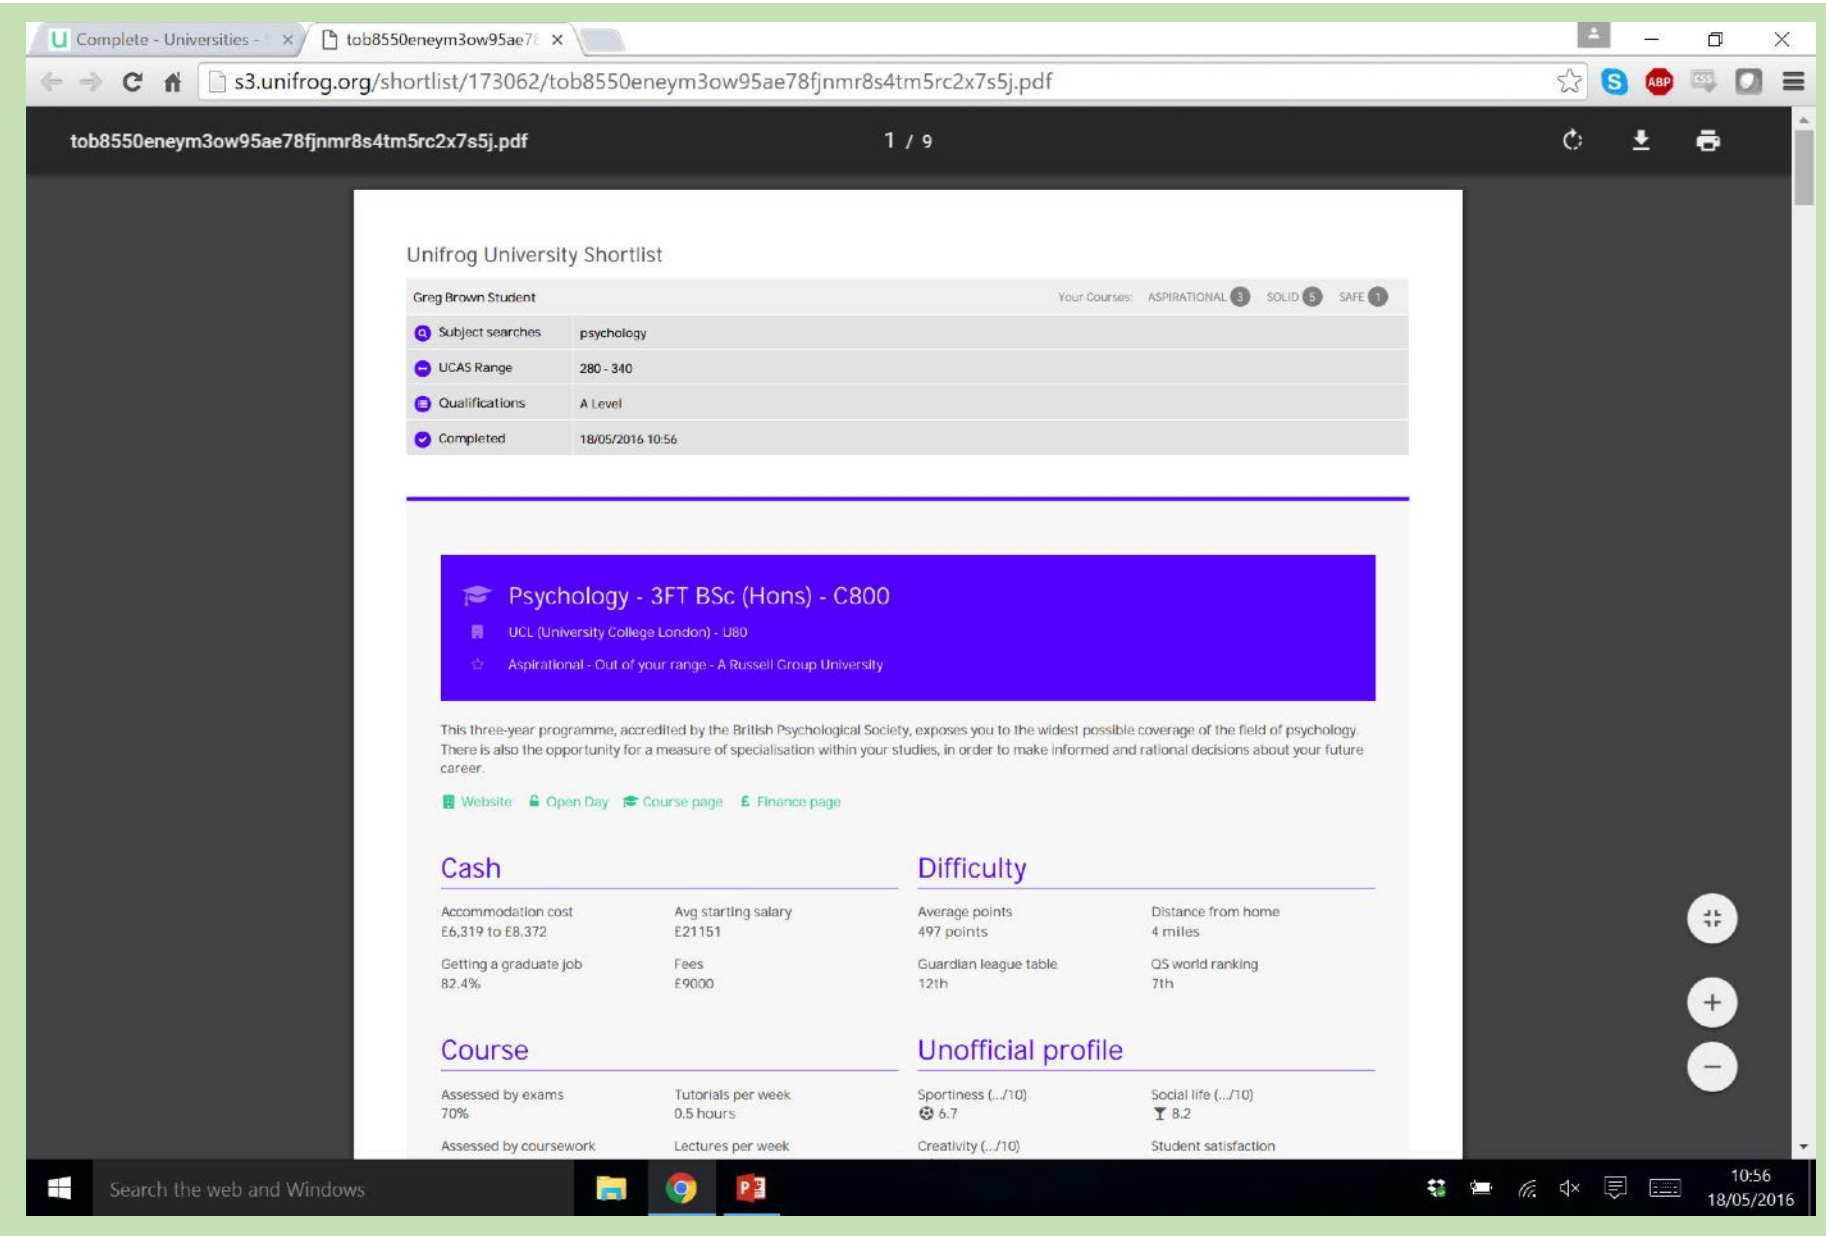

It provides a link to view a larger, more expanded version of your shortlist (1). Additionally there are some useful links to information about student finance, gap years, interviews, and specific admissions criteria.

Click the 'Download your shortlist' button...(1)

The screenshot shows a web browser window with the URL <https://www.unifrog.org/student/universities/complete>. The page features the Unifrog logo and navigation links: HOME, SHORTLISTS, SETTINGS, HELP, and SIGN OUT. A progress bar at the top indicates five steps: 1 Qualifications, 2 Subjects, 3 Longlist, 4 Shortlist, and 5 Complete (highlighted in purple). The main content area displays a purple checkmark icon and the text: "Your Shortlist has been emailed to you and your form tutor." Below this, it says "What to do next..." and lists two main actions: "Download your Shortlist" (with a red '1' next to it) and "Before you apply:". Under "Before you apply:", there are six numbered links: 1. Student Finance [Here's the official overview](#), 2. Calculate what you'll need to pay using a Funding Calculator [Get estimating now](#), 3. Thinking about taking a Gap Year? [Here's some advice](#), 4. Some courses require you to do an interview [Here's what to expect](#), 5. Some courses require you to take an admissions test [More on that here](#), and 6. Many art and design courses ask for a portfolio [Here's what this involves](#). At the bottom, there is a section titled "Want this advice by email?" with the text "We'll include the useful links above." and a form with the placeholder "Your email address" and a green button labeled "Email me this advice". The browser's address bar shows the URL <https://www.unifrog.org/student/shortlists>. The Windows taskbar at the bottom shows the search bar, File Explorer, Chrome, and PowerPoint icons, along with the system clock displaying 10:56 on 18/05/2016.

This PDF gives you a more detailed version of the shortlist.

It contains extra information about finances, how difficult it is to gain entry to the course, course details and social information about the university.

Click the 'Shortlists' button at the top of the page to access an entire history of all the shortlists you have created (1).

The screenshot shows a web browser window with the URL <https://www.unifrog.org/student/universities/complete>. The page features the Unifrog logo and a navigation bar with links for HOME, SHORTLISTS (highlighted with a red '1'), SETTINGS, HELP, and a SIGN OUT button. Below the navigation bar is a progress indicator with five steps: 1 Qualifications, 2 Subjects, 3 Longlist, 4 Shortlist, and 5 Complete (highlighted with a purple circle). The main content area displays a purple checkmark icon and the text: "Your Shortlist has been emailed to you and your form tutor." Below this, it says "What to do next..." and provides a download link for the shortlist. A section titled "Before you apply:" lists six helpful links: 1. Student Finance (official overview), 2. Funding Calculator (estimating now), 3. Gap Year (some advice), 4. Interview (what to expect), 5. Admissions test (more on that here), and 6. Portfolio (what this involves). At the bottom, there is a section "Want this advice by email?" with a text input field for an email address and a green "Email me this advice" button. The Windows taskbar at the bottom shows the time as 10:56 on 18/05/2016.
