Carmen Santos: Native Spanish teacher.

Bogdan Ivascu: Native Spanish teacher.

Stephanie Anderson: Second in Maths and Spanish teacher.

Veronica Giaquinto: Deputy Principal Behaviour, Attitudes & Personal Development and Spanish teacher.

Federico Voltan: Spanish and Maths teacher, native speaker.

OUR VISION

At QKA we understand the value of languages, and how meaningful they are in our social interactions and welfare. The Languages department is a successful department in the academy and our vision is clear: promoting language learning and providing students with the skills to become independent language learners. But definitely the stars of our department are our extra clubs and competitions. Please find below some of them:

Year 7

Foreign Language
Spelling Bee

Years 8/9

Foreign Language
Translation Bee

Years 9/10

GET TO KNOW OUR NEW SPANISH CHARACTERS

As reflected in the Equality and Diversity policies here at QKA, the Language Department is fully committed to recognising that students have identities which are unique to them. Therefore, four characters have been introduced in our lessons to represent different ethnicities, genders, disabilities but also different religions and beliefs. We will be using these characters as a vehicle to help teach about Spanish language, culture and society.

Bruno Balde

Adina Petrescu

Fabio González

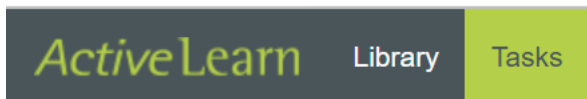

Lola Martínez

WORK FROM HOME

Homework goes beyond a couple of tasks, it helps students to develop their study habits and independent learning. Therefore, we are using Microsoft Teams for all home learning at QKA. There will be assignments set on Microsoft Teams for your child to complete every week. Additionally, the Language Department also make use of different platforms such as ActiveLearn for KS3/4 and Kerboodle for KS5.
