YEAR 12 VISIT TO CAMBRIDGE UNIVERSITY

Our Sixth Form students visited Cambridge University as part of an extracurricular activity aimed at promoting languages beyond A-Levels studies.

Year 12 students attended talks where different topics were discussed, such as the importance of languages. Additionally, sixth formers were also encouraged to continue studying languages in higher education through workshops where they learnt some basic Arabic sentences.

PABLO PICASSO PROJECT

This term, our Year 7 students have been working on a cross-curricular project involving the Art Department looking at the Spanish artist, Pablo Picasso. This project is aimed at Year 7 Spanish students in which they have been learning about Picasso's life, styles and paintings. As a final product, they have created their own paintings using the Cubism style and also have recreated Pablo Picasso's most famous paintings. Our students have also presented their work to the rest of their peers in class. Well done Year 7!
